

# ASGH Membership Form

*The Astronomical Society of Greater Hartford* is a non-profit incorporated organization of amateur astronomers. Our members have interests in all aspects of amateur sky observing including astrophotography, telescope making, solar, lunar & occultation observing, cosmology and archeoastronomy. Our society meets on the 3rd Wednesday of the month from September to May at Copernicus Planetarium, Wells Street, CCSU, New Britain, Conn. at 7:30 P.M. We also sponsor an annual public astronomy one-day event at Wesleyan University, **StarConn**, traditionally held in mid-spring.

The Society has established an e-group for member-only internet communication and news. Once you send in your membership, we'll email you an invitation to the e-group. All you have to do is accept the invitation. It is your news vehicle. Our web site address is <http://www.asgh.org>

## Make checks payable to "ASGH". Mail to ASGH Treasurer
